honey Who is Honey App for?

PARENTS WITH KIDS
AGED 3-18

WANT TO BUILD
FINANCIAL LITERACY

ACHIEVE FINANCIAL
GOALS FOR THE FAMILY

Use case for NSGD

A new stable coin pegged to the SGD

Savings amount & goals defined by saver

Partner with companies (e.g. vacations planners) to enable crypto payments

In longer term NSGD can be integrated into DeFi, operate staking pools to offer savings account with "higher interest rates"

Cross border transfers or payments with nominal transaction fees, resulting in ~10% savings

<https://github.com/AzureKn1ght/HoneyDapp>

App Demo

1. CREATE ACCOUNT WITH HONEY
2. SET UP METAMASK WALLET
3. SET UP SMART CONTRACT (GOAL)
4. BUY NSGD TO SAVE INTO THE WALLET
5. PROGRAMME WILL KEEP TRACK OF WALLET BALANCE TO SYNC WITH SMART CONTRACT PROGRESS
6. CONTRACT FULFILLED ONCE WALLET BALANCE REACHES AMOUNT STIPULATED IN THE SMART CONTRACT

NSGD future plans

Forced Savings. Unlike bank accounts where you can freely access the money, immutability of blockchain as well as how smart contract makes it impossible for user to withdraw from this savings smart contract prematurely.

Lock-in highly customizable. Unlike endowment plans, the timeframe is defined by user.

Thank You
